National Adaptation Plan (NAP) Formulation Process

Monitoring and Evaluation on NAP formulation Process in Nepal

Karuna Adhikaree
Technical Officer

Oxford Policy Management

National Planning Commission

- The National Planning Commission (NPC) is the apex advisory body of the Government of Nepal for formulating a national vision, periodic plans and policies for development.
- It is headed by the Right Honorable Prime Minister.
- The NPC assesses resource needs, identifies sources of funding, and allocates budget for socio-economic development.
- It serves as a central agency for monitoring and evaluating development plans, policies and programs.

Climate Change Budget code

Climate Change Related Activities

Development activities related to any of the following subjects have been considered as climate change related activities.

1. Sustainable management of natural resource and greenery promotion.
2. Land use planning and climate resilient infrastructures.
3. Prevention and control of climate change-induced health hazards.
4. Prevention and control of climate change-induced hazards to endangered species and biodiversity.
5. Management of landfills and sewage treatment for GHG emissions reduction.
6. Sustainable use of water resource for energy, fishery, irrigation and safe drinking water.
7. Plan/programmes supporting food safety and security.
8. Promotion of renewable and alternative energy; technology development for emission reduction and low carbon energy use.
9. Preparedness for climate induced disaster risk reduction.
10. Information generation, education, communication, research and development, and creation of data base.
11. Preparation of policy, legislation and plan of action related to climate

“To identify and track the Climate Public Expenditure”

Climate Change Budget code

Programme Budget Allocated to Climate Change Related Activities	Relevance of the Programme to Climate Change	Code to be used in the Budget Sheet
If more than 60 percent of the programme budget is allocated to climate change activities.	Highly relevant	1
If 20 to 60 percent of the programme budget is allocated to climate change activities.	Relevant	2
If less than 20 percent of the programme budget is allocated to climate change activities, or if the programme is not related to climate change activities.	Neutral	3

Documenting the national process of arriving at
multi-sectoral consensus

Criteria and Method

D. Reporting, Monitoring and Review

1. **Monitoring the NAP process**
2. **Reviewing** the NAP process to assess progress, effectiveness and gaps
3. Iteratively updating the national adaptation plans
4. **Outreach on the NAP process and reporting on progress and effectiveness**

A. Laying the groundwork and addressing gaps

1. **Initiating and launching** of the NAP process
2. **Stocktaking**: identifying available information on climate change impacts, vulnerability and adaptation and assessing gaps and needs of the enabling environment for the NAP process
3. **Addressing capacity gaps** and weaknesses in undertaking the NAP process
4. Comprehensively and iteratively **assessing development needs and climate vulnerabilities**

NAP process (elements and steps)

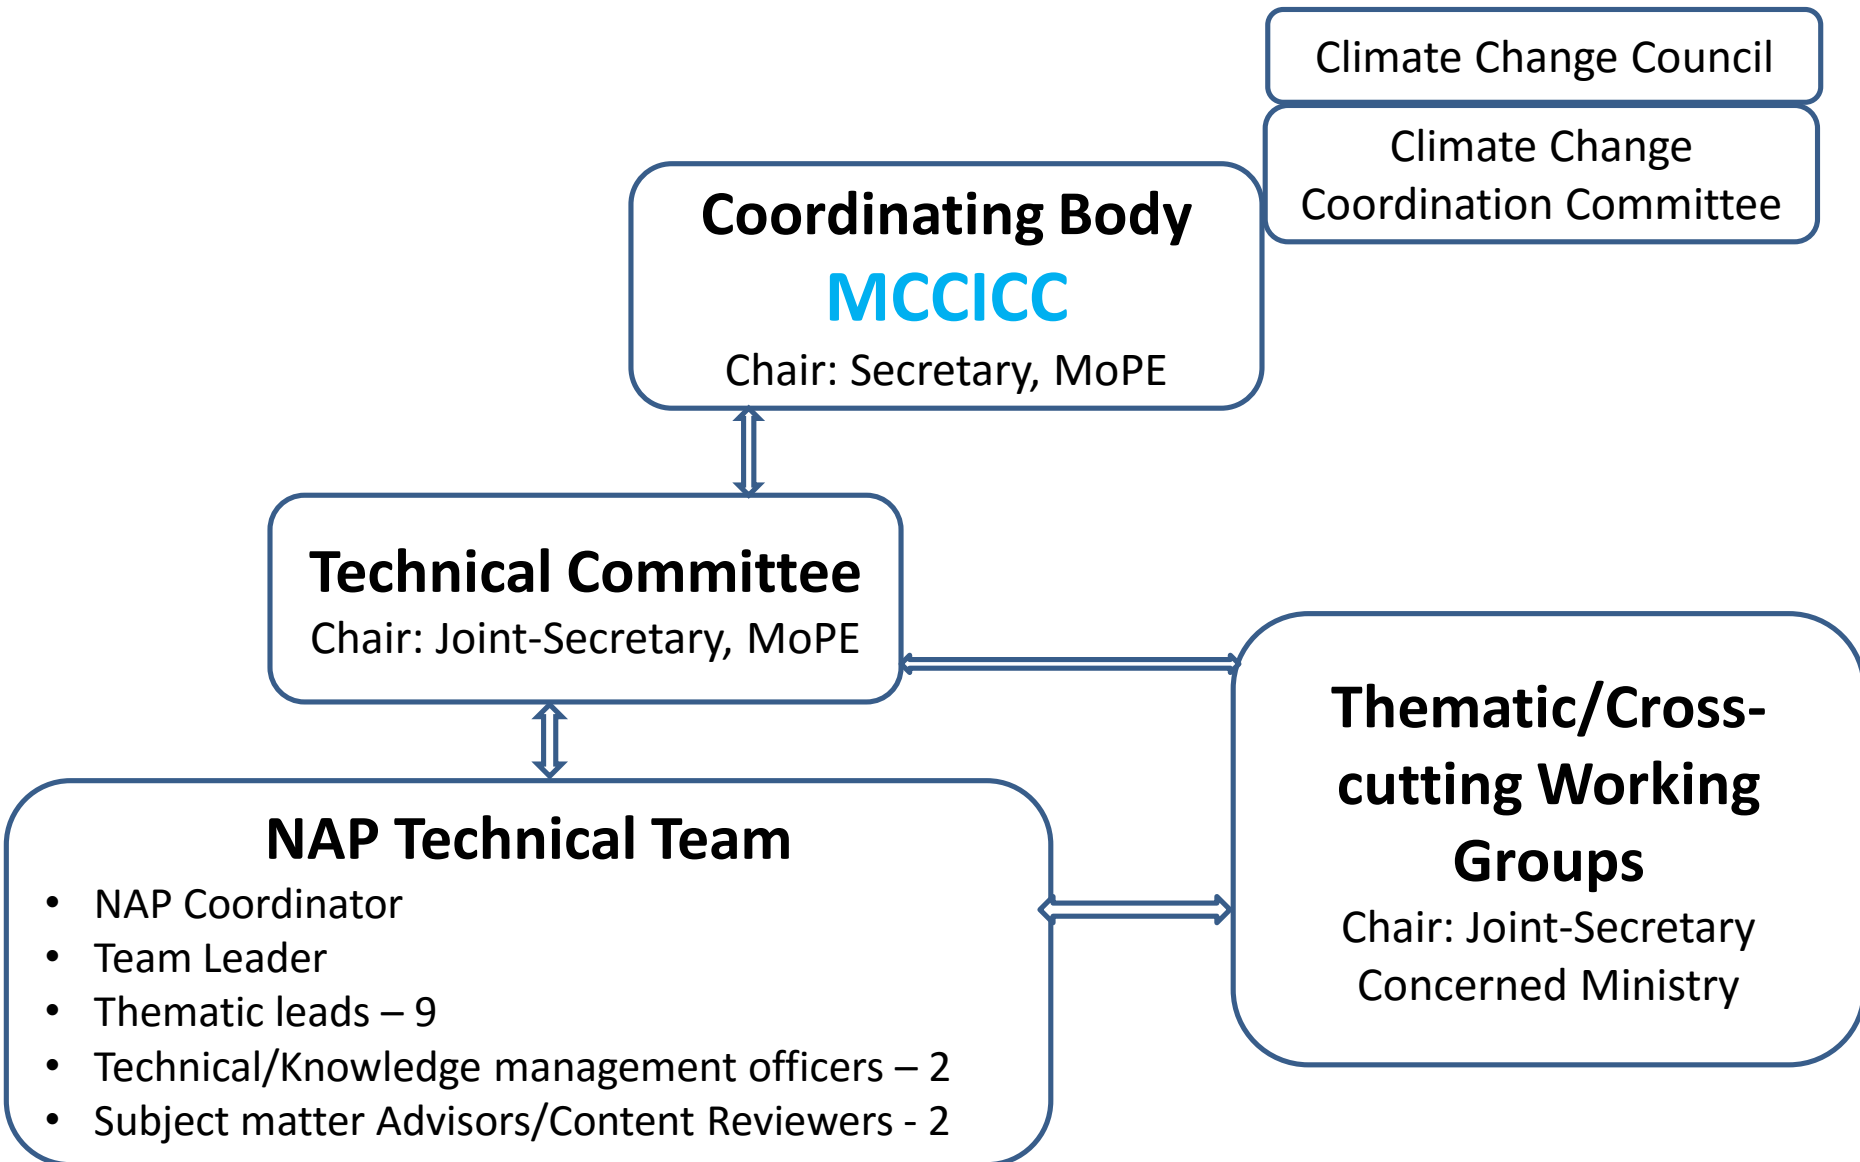

C. Implementation Strategy

1. **Prioritizing climate change adaptation** in national planning
2. Developing a (long-term) national adaptation **implementation strategy**
3. **Enhancing capacity** for planning and implementing adaptation
4. **Promoting coordination** and synergy at the regional level and with other multilateral environmental agreements

B. Preparatory Elements

1. Analysing **current** climate and future climate change **scenarios**
2. **Assessing climate vulnerabilities** and identifying adaptation options at the sector, sub-national, national and other appropriate levels
3. Reviewing and **appraising adaptation options**
4. **Compiling and communicating** national adaptation plans
5. **Integrating** climate change adaptation into national and subnational development and sectoral planning

Implementation modality for NAP Process

THANK YOU !
