Malé Declaration on Control and Prevention of Air Pollution and its Likely Trans-boundary Effects for South Asia

Tentative Programme

4th Emission Inventory Training
16-17 November 2010
Lemon Tree Hotel, New Delhi, India

Organizer: UNEP RRC.AP

Tuesday, 16 November 2010

First Day

08:30 – 9:15
 	
9:15-9:45
	The Basics of Emissions Inventory Compilation
	
	Emissions compilation (series of talks and exercises):
	    Sector 1: Combustion in energy
	        sector
	    Sector 2: Combustion in
	      manufacturing/construction

Coffee Break (10:00-10:30)

10:30-12:30	Emissions compilation (continued)
	
	  Sector 3: Transport
	  Sector 4: Combustion in other
	    sectors

Lunch Break (12:30-13:30)

13:30-15:30	Emissions compilation (continued)
	
	  Sector 5: Fugitive emissions from
	    fuels
	  Sector 6: Industrial processes

Coffee Break (15:30-16:00)

16:00-17:30	Session on Emissions compilation (continued)
	  Sector 7: Solvent and other produce use
	  Sector 8: Agriculture
	  Sector 9: Vegetation Fires & forestry
	  Sector 10: Waste

17:30-18:15	Emission inventory for biomass open burning: ABC EIM

Wednesday, 17 November 2010

Second Day

08:30-10:00	Large point sources – Compiling emissions for LPS QA/QC - Quality assurance and quality control of emission inventories

Coffee Break (10:00-10:30)

10:30-12:30	Compiling country emissions inventory for 2005 using Malé Manual and Workbook (participants to begin compiling inventories using activity data for their country)

Lunch Break (12:30-13:30)

13:30-14:30 14:30-15:30	Compiling an emissions inventory for 2005 using Malé Manual and Workbook (continued)

Coffee Break (15:30-16:00)

16:00-17:00	Compiling an emissions inventory for 2005 using Malé Manual and Workbook (continued)
17:30-17:45	"PM Source Apportionment Study as an QA/QC tool for emission Inventory" (CPCB)
17:45-18:15	Closing session - Work plan, course evaluation and closing
