# CENTRAL ENVIRONMENTAL AUTHORITY

- The Central Environmental Authority(CEA) having established in 1981 under the National Environmental Act (NEA) No.47 of 1980, completes 24 years service by 2005.
- CEA operating under the purview of the Ministry of Environment & Natural Resources (MENR) is one of the implementing arms of the national environmental policy.

# OUR VISION

- A healthy, productive and pleasant environment that meets the aspirations of the present and future generations of Sri Lanka.

# OUR MISSION

- To protect and enhance the quality of the environment for the people of Sri Lanka through pollution control, natural resource management and environmental education based on our technical expertise and commitment.

# Monitoring Activities under Male Declaration

- Passive sampling for SO<sub>2</sub> & NO<sub>2</sub>
- Wet only & bulk sampling for PH & Conductivity
- Tried out Cat ion & Anion of rain water

# Stakeholder's Participation

- There is not much stakeholder participation since the transboundary air pollution is not a priority at the present time.

# Plan for the next 03 years

- We have not planned yet.
- However we managed to continue the monitoring.
- We are going to plan for the next 03 years as soon as we came to know the funding availability for the next 03 years by prioritizing the activities.
- However we have already planned to start pm10 monitoring from 2006 as we have found a suitable location where there is a reliable power supply.
